

IMPROVE LOCAL LIVES

1 IN 4 LOCAL LIVES

were improved by receiving critical services including food, health care, and job skills over the past two years, thanks to the generous support of local **United Way** donors. Now, the pandemic has created new and greater challenges in our community.

LOCAL FAMILIES NEED YOUR HELP.

Supporting our community's greatest needs fills gaps in services for local children and their parents. Together, we can rebuild and create a healthier, safer future for all.

- Hungry children have trouble concentrating in school and completing homework. Our local United Way has helped feed **74,471** people over the past 2 years.
- **14%** of local students are chronically absent. Today's students are the future of our community, and we need to help them succeed! Our *Attendance Matters!*[®] middle school program provides lunchtime mentoring for students who are at highest risk.
- Local families have been affected by the pandemic. Our United Way donors have helped **9,231** local people access physical, mental, and behavioral health care in the past 2 years.

And the needs continue!
